

Chica-go-ing Away!

Chicago 2015

April 2015 the RAP drama students embarked on their first journey together to Chicago, Illinois. After arriving at dawn Eirini and Erin found themselves wandering the streets of Chicago with nothing to do. As time passed everything began to open and the girls finally were able to start their exploring. They spent their trip viewing many famous landmarks including the Chicago Bean, Willis Tower and Navy Pier. Through this trip the whole drama class bonded and became closer as one. "Chicago was amazing! It made me so excited for whatever trip we get to go on next year!" exclaimed Erin Dooley.

Matthew Salesio, Natalie Harvey Younis, Erin Dooley and Eirini Boutakis enjoy the view.

All smiles as the drama class embarks on their first big adventure together.

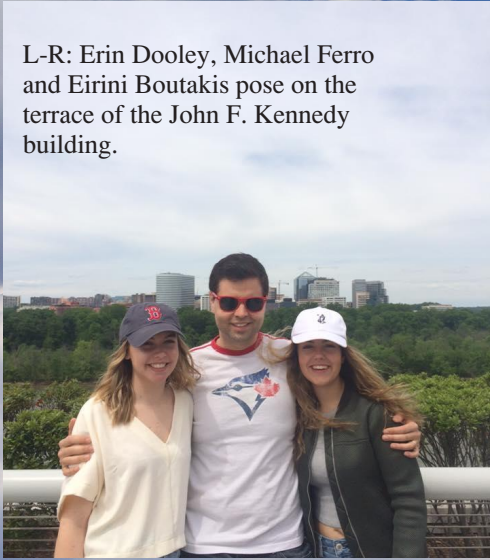

Washington 2016

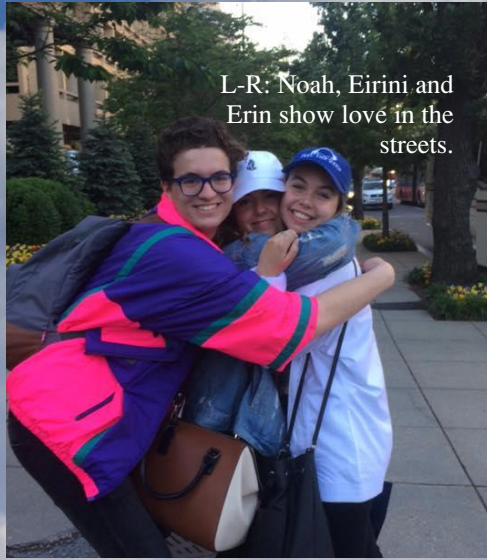

Washing-Done

On May 12th Eirini and Erin embarked on a three day journey to Washington, DC with their drama class. Once there they visited Museums such as the National Air and Space Museum and Natural History Museum. They also viewed famous landmarks, the White House and the Washington Monument. The class experienced fine dining at the Union Station Shake Shack for several hours the first day, then proceeded to take part in a high class shopping experience at a two story Walmart. "The trip was so much fun," exclaimed Eirini. "I just wish this wasn't our last one as a class."
